    Seller[12: Seller] -- "240: Notice to sell" --> TA[16: Transaction Agent]
    Seller -- "244: Money Less Holdback and Fees" --> TA
    Buyer[14: Buyer] -- "248: Title Transfer Notification" --> TA
    TA -- "242: Notice of Custodian For CPN" --> CP[20: Capital Pool]
    CP -- "246: Holdback Certificate" --> TA
    CP -- "244: Money Less Holdback and Fees" --> TA
    TA -- "244: Money Less Holdback and Fees" --> Seller
```

The flowchart illustrates a transaction process involving four main entities: Seller (12), Buyer (14), Transaction Agent (16), and Capital Pool (20). The process begins with the Seller (12) sending a "Notice to sell" (240) to the Transaction Agent (16). The Seller (12) also sends "Money Less Holdback and Fees" (244) to the Transaction Agent (16). The Buyer (14) sends a "Title Transfer Notification" (248) to the Transaction Agent (16). The Transaction Agent (16) then sends a "Notice of Custodian For CPN" (242) to the Capital Pool (20). The Capital Pool (20) sends a "Holdback Certificate" (246) back to the Transaction Agent (16). The Capital Pool (20) also sends "Money Less Holdback and Fees" (244) to the Transaction Agent (16). Finally, the Transaction Agent (16) sends "Money Less Holdback and Fees" (244) to the Seller (12).
